

Women Giving Back

The Power of Partnerships

At Women Giving Back, we know that meaningful partnerships make all the difference. Our sponsorship packages are customized to you and what you are passionate about supporting. Sponsorships are an opportunity for your organization to build stronger community ties, promote your business, and be associated with one of the most successful nonprofits in the Greater Washington DC metro area.

With your organization's values and budget in mind, you can pick what is important to you and how your company wants to make a difference. Annual sponsorships can be comprised of unrestricted donations and/or event sponsorships.
